

# ABOUT US

Based in the heart of the Middle East's industrial hub, **HITECH MIDDLEST L.L.C-FZ** specializes in the procurement and supply of high-quality, pre-owned Chinese heavy machinery.

We bridge the gap between world-class engineering and cost-effective solutions, offering a curated inventory of mobile cranes, concrete mixers, and truck-mounted pumps. With deep-rooted expertise in brands like SANY, XCMG, and Zoomlion, we ensure that every piece of equipment we sell is ready to hit the ground running on your next major project.

## VISION

To be the most trusted global gateway for certified pre-owned construction machinery, driving infrastructure development through sustainable equipment life-cycles.

## OUR MISSION

*Our mission is to empower construction and logistics firms by providing:*

- **Reliable Machinery:** Rigorous inspection of every unit sold.
- **Operational Continuity:** Seamless access to genuine spare parts.
- **Strategic Value:** High-performance Chinese engineering at competitive pre-owned pricing.

# WHAT WE DO

*We provide a comprehensive ecosystem for heavy equipment management:*

- **Sales of Used Machinery:** Specialists in Chinese-manufactured Mobile Cranes, Transit Concrete Mixers, and Truck-Mounted Pumps.
- **Genuine Spare Parts:** A robust supply chain for critical components to minimize your downtime.
- **Equipment Sourcing:** If we don't have it in stock, our global network will find the specific model and capacity your project demands.
- **Technical Consultation:** Expert advice on equipment compatibility and performance specifications for the GCC climate.

# OUR FACILITY

To better serve our global clientele, **HITECH MIDDLEST L.L.C-FZ** operates through two strategic hubs within the UAE:

**Corporate Head Office | Nad Al Sheba, Dubai:** Located in the heart of Dubai's business district, our headquarters houses our management, sales, and technical consulting teams. This is where we build relationships and tailor solutions to meet your project's specific machinery requirements.

**Logistics & Warehouse Facility | Jebel Ali:** Our expansive warehouse and staging facility is strategically positioned in Jebel Ali. This allows us to leverage one of the world's most advanced ports for the seamless inspection, maintenance, and rapid international shipping of heavy machinery and spare parts to any destination worldwide.

## OUR CORE STRENGTHS

- ✓ **Strategic Dubai Location:** Rapid export and logistics capabilities to MENA, Africa, and Asia.
- ✓ **Chinese Brand Expertise:** Deep technical knowledge of SANY, XCMG, Zoomlion, and more.
- ✓ **Comprehensive Support:** We don't just sell the machine; we provide the parts to keep it moving.
- ✓ **Quality Assurance:** Every machine undergoes a thorough mechanical and hydraulic evaluation.

# OUR PRODUCTS

We provide a comprehensive range of high-performance, pre-owned Chinese machinery and genuine components, ensuring your projects never skip a beat.

## Lifting Solutions

**Mobile Cranes & All-Terrain Cranes** Specializing in heavy-duty lifting equipment from industry leaders like SANY and XCMG. Our inventory includes various capacities designed for precision, safety, and stability in the most demanding environments.

## Concrete Equipment

**Transit Concrete Mixers & Truck-Mounted Pumps** High-efficiency solutions for the construction industry. From reliable transit mixers for consistent concrete delivery to high-reach truck-mounted pumps, we provide the machinery that keeps your site moving.

## Genuine Spare Parts & Support

**The Life blood of Your Fleet** We understand that downtime is costly. Our dedicated parts division stocks a vast inventory of genuine spare parts for all Chinese heavy equipment brands, including:

**Engine & Hydraulic Components:** Pumps, valves, and filters.

**Wear Parts:** For mixers and concrete pumps (pipes, elbows, and pistons).

**Electrical & Control Systems:** Ensuring your machinery operates at peak efficiency.
